

INCOME TAX RETURN 2010

Dear Sir/Madam

Please find enclosed your fiscal summary (IFU - Imprimé Fiscal Unique).

This summary includes two documents listing securities transactions and income from securities recorded in your name in 2010.

- The **Summary Statement** reflects the amounts declared to the French tax authorities. Drawn up in the style of the 2042 tax declaration, for each line it shows the amount to be carried over to page 3 of the form. We advise you to keep this document in a safe place.

- The **Document to provide for the tax authorities, 2561 ter**, should be attached to your 2010 tax return.

In addition to the attached IFU, the declaration of capital gains from the sale of securities must, in certain cases, be made using form 2074 and to this end the procedures for declaring income are shown on the back of this letter.

Where appropriate, remember to offset any capital losses incurred in previous years.

Once you have entered the details appearing on the IFU and attached this to your declaration, you can follow this up with a loose piece of paper (without completing a 2074) or a 2041 SP printout.

Furthermore, tax information relating to the holding of a life insurance policy with an insurance company will be sent to you in a separate document. Please take this into account when completing your tax return.

For any additional information you might need, please contact your Barclays Relationship Manager.
